The Banyan Tree

Steeped in Asian mythology, the Banyan tree is considered sacred by the Hindus, representing eternal life because of its seemingly ever-expanding branches. Early travellers observed that the tree was frequented by merchants, who were often seen resting or conducting business under the huge canopy of leaves. Eventually Banyan became the tree's namesake.

In 1986 and during the development of Pacific Place, Swire Properties made a commitment to take all necessary precautions to protect the 140-year old Banyan tree located on this site. In ensuring its protection, Swire spent approximately HK\$24 million, not to mention the tremendous time and effort expended by staff and colleagues.

The tree, which is visible from the Lobby Lounge, appears to fulfil the legend of its past. Its presence signifies eternal life by spreading its roots deeper into our community, and its canopy provides solace for the weary traveller.

Live music performance:

Saturday, Sunday and public holidays	2 to 9:30 p.m.
